

INDUSTRIAL AREA BRANCH BRANDING

Full concept + review artwork

OUR BRAND PORTFOLIO

PURPOSE-BUILT FOR AFRICAN OPERATING CONDITIONS

A disciplined four-surface system

Brand where it matters; leave the factory architecture visually calm.

STREET LEFT

18 x 8 ft

Corporate identity + five logos

Printed flex banner; non-backlit;
tamper-resistant tension frame.

STREET RIGHT

16 x 8 ft

Mutsimoto logo + product visual

Printed flex banner; product-led
visual; tree remains in front.

PARKING WALL A

22.5 x 8 ft

Categories 01-07

Matte wall graphic/panel system; low
anti-scuff plinth.

PARKING WALL B

22.4 x 9.2 ft

Categories 08-13

Completes the application story; no
illumination required.

Corporate banner - logos only

The earlier corporate direction, translated into a theft-resistant non-backlit banner.

INSTALLATION

- Printed PVC flex / mesh banner
- Matte-charcoal tension frame
- Close tamper-resistant fixings
- No backlighting or electrical hardware

Product-led banner

One master logo, one message, and a restrained filter-product hero.

DESIGN ROLE

- Product visual balances the logo-only wall
- Tree remains part of the real frontage
- High contrast for passing traffic
- Same non-backlit security specification

Applications 01-07

Real road and operating photography; seven equal modules across 22.5 ft.

**MUTSIMOTO**
POWERED BY PASSION

BUILT FOR EVERY APPLICATION.

12 Compressors

13 Industrial & Plant Machinery

Fabrication and print notes

Review set is ready; vendor preflight follows approval of copy, logos and site measurements.

STREET BANNERS

- 510-550 gsm UV-stabilised matte PVC flex or mesh
- Hemmed edges with stainless eyelets at close centres
- Powder-coated steel/aluminium tension frame
- Tamper-resistant fixings; no illumination

PARKING WALLS

- Original-resolution real photography; 50-130 effective ppi at final size
- Vector typography, rules and corporate mark
- Vertical joins aligned to category module boundaries
- Do not flatten or rasterise the production PDF

PRE-PRESS

- Artwork PDFs supplied at 1:10 scale
- Final-size ratios: 18x8, 16x8, 22.5x8, 22.4x9.2 ft
- Vendor to convert imagery to the selected CMYK press profile
- Add final bleed and safe-area requirements after site remeasure
